Appendix D – South Island Championship Combined Event Information: (Up-dated December 2017)

This appendix is to record individual event performances for combined events so that if age factors change, a new points total can be calculated. This will avoid having to archive records in the future. However, if implement specification change records will be archived.

In compiling this table & up-dating the records, every effort was made to local the best performances. Some point totals will vary from the original points scored, due to incorrect age factors being used previously and recent age factor changes.

However, if you still believe a performance has been over-looked, please send a copy of the meeting results, (including individual event performances) to Andrew Stark (aws@xtra.co.nz) for checking.
