

Appendix B – NZMA Women’s National & Championship Combined Event Information: (Updated 15 July 2024)

This appendix is to record individual event performances for combined events so that if age factors change, a new points total can be calculated. This will avoid having to archive records in the future. However, if implement specification change records will be archived.

In compiling this table & up-dating the records, every effort was made to local the best performances. Some point totals will vary from the original points scored, due to recent age factor changes (January 2023).

However, if you still believe a performance has been over-looked, please send a copy of the meeting results, (including individual event performances) to Andrew Stark (aws@xtra.co.nz) for checking.

To help complete the task, can you supply individual event details for the records highlight in yellow?

These point totals are subject to change once the new age factors are applied.

Where known, the athlete’s centre as at the time of their setting of a record is designated. This has only recently been included and we think we have identified correctly when an athlete changed centre. Please email nzmastersathletics@xtra.co.nz if you can correct or populate for those we don’t have recorded. Similarly, we have only recently added wind-readings for the relevant events so please contact us if you can provide this information for those we don’t have
