# ATHLETICS CANTERBURY

## **CMA President's Message**

To all Competitors, Officials & Supporters,

On behalf of the Canterbury Masters Athletics Committee, I welcome you all to the South Island Masters Athletics Track & Field Championships, being hosted by Canterbury here at Nga Puna Wai.

Masters meetings are always a great time to catch up with 'old' friends or to create new friendships.

For many of our local Athletics Canterbury officials, it has been a busy start to 2025, having just officiated at the Colgate Games last weekend. Several of our key officials are either having a break or are away officiating at the Cooks Classic which is on Saturday. The success of this meeting totally relies on their goodwill to be here this weekend. No longer is it possible for a Masters Centre to organise these meetings, without the help of the local Athletic NZ Centre.

As I write this comment, I am not sure how many officials will be helping this weekend. However, as has been the case for many years, I know you will all assist as and when needed to ensure the smooth running of the events.

As we have done in the past, we will be offering local senior interclub events during the next three days. This is an opportunity to show these 'young ones' that you are never too old to stay involved in the sport.

Thank you to ALL Master's officials / supporters who will give up their time over the weekend, many of whom are competing themselves. I hope your events go well and that you reach the standards you are

# South Island Masters Track & Field Championship Records: (Updated 12 Feb 2024)

This document contains the following information in **TWO** sections:

- South Island Championship Event Records:** A list of all South Island Championship records for the events that are regularly held at the South Island Track & Field Championships. A separate document containing a list of all individual event performances & points scored for the **SI Championship Throws Pentathlon & Track Pentathlon** events can also be viewed on the NZMA website (see **Appendix D**). This has been included so that new points totals can be re-calculated if age factors change in the future.
- Archived South Island Championship Records:** A list of all other South Island Championship records on file, including records archived due to age factor or implement changes.

**Note:** A Microsoft Word version of these records is available on request for Centres hosting the SI Championships, so the records can be included in the Championship booklet.

## Appendix D – South Island Championship Combined Event Information:

[Updated 12 Feb 2024]

This appendix is to record individual event performances for combined events so that if age factors change, a new points total can be calculated. This will avoid having to archive records in the future. However, if implement specification change records will be archived.

In compiling this table & up-dating the records, every effort was made to local the best performances. All points will vary from the original points scored, due to recent age factor changes (January 2023).

However, if you still believe a performance has been over-looked, please send a copy of the meeting results, (including individual event performances) to Andrew Stark ([aws@xtra.co.nz](mailto:aws@xtra.co.nz)) for checking.
