

# South Island Masters Track & Field Championship Records: (Updated 10 Feb 2025)

This document contains the following information in **TWO** sections:

1. **South Island Championship Event Records:** A list of all South Island Championship records for the events that are regularly held at the South Island Track & Field Championships. A separate document containing a list of all individual event performances & points scored for the **SI Championship Throws Pentathlon & Track Pentathlon** events can also be viewed on the NZMA website (see **Appendix D**). This has been included so that new points totals can be re-calculated if age factors change in the future.
2. **Archived South Island Championship Records:** A list of all other South Island Championship records on file, including records archived due to age factor or implement changes.

**Note:** A Microsoft Word version of these records is available on request for Centres hosting the SI Championships, so the records can be included in the Championship booklet.
