

REMIT TO NZMA. AGM 2025

FROM OTAGO MASTERS ASSOCIATION

REMIT: *That New Zealand Masters making a New Zealand Masters record are awarded a certificate recording their record performance (following the procedure of Athletics New Zealand during their “Record Ratification Process”).*

RATIONALE: *Making a New Zealand Masters record is a notable feat worthy of recognition and celebration. At present Masters athletes winning places at our National Championships are awarded certificates and medals.*

Those making new records, which is a more difficult task, are not awarded anything. We would like record breakers to be awarded a Certificate recording their elite performance.

Noni Callander

Secretary OMA
