

# North Island Masters Track & Field Championship Records (Updated 03 Dec 2025)

This document contains the following information in **three** sections:

- North Island Championship Event Records:** A list of all North Island Championship records for the events that are regularly held at the North Island Track & Field Championships. A separate document contains a list of all individual event performances & points scored for the **Throws Pentathlon & Track Pentathlon** events can also be viewed on the NZMA website (see **Appendix C**). This has been included so that new points totals can be re-calculated if age factors change in the future.
- Archived North Island Championship Records:** A list of all other North Island Championship records on file, including records archived due to age factor or implement changes.
- Note:** A Microsoft Word version of these records is available on request for Centres hosting the NI Championships, so the records can be included in the Championship booklet.
