

I have been involved in Athletics for the majority of my life, both as a competitor and an administrator.

Sport was probably the catalyst for me to pursue a Physical Education Degree and Sport Management Diploma and becoming a PE Teacher and Sports Director while living in Auckland.

I became involved in Masters Athletics after retiring from Senior Athletics in the late 90s.

I enjoyed every minute both competitively and as an administrator, becoming a member of the Auckland Masters Committee and the NZMA Board for many years before relocating to Tauranga.

While living in Tauranga I also was a member of the WBOP Masters Committee and on the NZMA Board before stepping out of the sport as our business, family and other areas of life took over.

As our Business interests grew, I have been able to complete a Business Studies Diploma and have furthered my accounting, leasing and investment skills.

After a 12 year break from Athletics, I am once again back competing and with more time on my hands feel I have some forms of expertise to help and support the NZMA Board, particularly with my knowledge of Xero, and the financial market.

Although I live really now, the majority of NZMA business is conducted online, making it easier to be a part of the team.

I would look forward to once again being a member of the NZMA Board and helping and supporting them going forward.
